Note: when members of staff consider that corrective action is necessary but that action lies outside the scope of their authority, they should refer the problem to the headteacher.

Responsibilities of all employees

All employees have a responsibility under the Act to

- Take reasonable care for the health and safety of themselves and of any person who might be affected by their acts or omissions at work
- Co-operate with the Director of Education/Children's Services Director and others in meeting statutory requirements

Whenever an employee is aware of any possible deficiencies in health and safety arrangements s/he must draw these to the attention of the headteacher.

Additional notes

- It must be realised that newly appointed employees could be particularly vulnerable to any risk and it must be ensured that all relevant health and safety matters are drawn to their attention at an early stage
- While it is a management responsibility to instruct all employees in safe working procedures in relation to their posts and work places, employees may from time to time find themselves in unfamiliar environments. In such cases, the employee concerned should be particularly alert for hazards, and whenever possible, ensure they are accompanied by a person familiar with the environment or that they are advised of specific hazards
- All volunteer helpers will be expected, as far as reasonably possible, to meet the same standards required of employees.

Responsibilities of pupils

All pupils are expected, within their expertise and ability, to

- Exercise personal responsibility for the safety of themselves and their fellow students
- Observe standards of dress consistent with safety and hygiene
- Observe all the safety rules of the school and in particular the instructions of the teaching staff in the event of an emergency

Visitors

Regular visitors and other users of the premises (eg, contractors and delivery people) are expected, as far as reasonably possible, to observe the safety rules of the school.

Lettings

The governors and headteacher must ensure that

- The means of access and egress are safe for the use of hirers, and that all plant and equipment made available to and used by the hirers is safe. If the headteacher knows of any hazard, s/he should take action to make hirers aware of it
- Fire escape routes and exits are clearly marked for the benefit of unfamiliar users of the building, particularly during the hours of darkness
- Hirers of the building are briefed about fire escape routes, fire alarms and fire fighting equipment. Notices regarding emergency procedures should be prominently displayed
- Hirers using any equipment or facility provided by the school are familiar with its safe use and, if necessary, briefed accordingly
- Arrangements are made for checking the security and condition of the premises and equipment used after vacation by the hirer or his/her staff.

Fire and emergency evacuation procedures

- The school has a Fire Evacuation Policy which can be viewed in the office, staffroom or headteacher's office
- These procedures will be updated as appropriate
- The log book for the recording of practice and evacuation drills is available in the school office
- Arrangements are made regularly to monitor the condition of all fire prevention equipment. This includes regular visual inspection of fire extinguishers and the fire alarm system.
- Fire practices will be held each term and recorded in the log book

First aid and accident reporting procedures

- First aid is available in the first aid room outside the Hall.
- The person responsible for administering the first aid accident reporting procedure must be notified of serious accidents causing death or major injury and dangerous occurrences
- The accident book, report forms and guidance for pupils and staff are to be found in the first aid room. The forms are to be completed by the injured party or a responsible member of staff.
- Information is kept with the accident book and report forms about arrangements if the person injured is unable to complete an accident report form or is not an employee of the Authority or pupil at the school
- The person administering first aid must then make sure an accident form and an entry into the first aid book is completed. The Health and Safety Executive (HSE) must be notified of any fractures or major injury or accidents causing death
- The arrangements for first aid for sports, outdoor pursuits and field trips are the responsibility of the supervising staff
