

PE Funding Decisions 2017/18

Meeting held on Friday 7th April 2017

Mr Salisbury and Mrs Abbott met to make the spending decisions for the sum of around £8575 that is our budget for the next financial year. Some priorities for spending were identified and other projects already allocated funding were listed.

They are as follows:

£1000 to contribute towards the cost of the Primary School sports programme coordinated by Rosie Thompson at Gillingham School.

£45 additional contribution to the partnership for extra costs such as first aid cover at events and medals, entry to swimming gala.

£750 for swimming coach to come for two mornings a week for six weeks in Summer 2017. Teachers work alongside the coach to improve their swimming teaching skills and knowledge therefore making the teaching of swimming more sustainable and allowing every pupil access to a swimming programme.

£900 Club for all children in the Spring, Summer and Autumn terms. (Netball/ energy club/ KS1 games) Plus an extra £200 for outside dance/fit coach to run a club for the less active.

£1000 Additional sports equipment such as, tennis balls, soft foam balls, rugby balls, additional basketball equipment to develop basketball within the school curriculum which was a focus from 2016/17 spending.

£600 Attendance at courses, meetings and events.

£350 Skipping workshop to promote active playtimes.

£600 Supply costs for attendance at Festivals, Tournaments, Outdoor and adventurous funding and matches.

£780 Costs of TA support for Games lessons, to train up specialist TAs and provide more differentiated learning for the children.

£800 To update and maintain our swimming pool and make it safer. New paintwork and cover.

£600 Providing a 'Learn to move' programme for less able children who have been identified with limited gross motor skills.

The Primary Sports Premium has had a major effect on the variety of clubs offered to our children and the numbers of children taking part in them have grown over the years these are evidence in the attendance lists we keep. It has also impacted on the quality of the curriculum we offer in our PE programme, teachers are now more confident to deliver high quality PE in all areas. Our swimming pool is now more efficient and sustainable for years to come.

Attached is a web link of key organisations that our school works closely with.

Total spending so far is £7,625, leaving £950 unallocated for unforeseen circumstances.
