

## Work for week beginning 11th May 2020

### Reception

The following are *suggested activities*. You can choose a selection or attempt them all but we suggest you try to fit in some reading, phonics, maths and writing over the week.

#### Maths

Mathletics activities and Mathletics Live: We suggest you do one activity per day and then go on to Mathletics Live. Instructions for those of you who are not sure how to do this: go onto the Play tab, scroll down and select Class Challenge and Level (at the top of the screen - level 1 or 2) then Go! Year 1s will be familiar with what to do and how to do it. **Please note - you can't access Mathletics Live until all the 'set' activities are completed, however.**

#### Reception Maths

Last week we looked at the words 'sharing' and 'equal' and we suggested you practise sharing out an amount of objects equally into two groups with each group being half of the total amount that you started with.

This week is all about 'half' of an amount. Practical ways of achieving this could be deciding on an equal amount of decorations/toppings for two cakes, two pizzas, two biscuits, two sandwiches etc and then sharing out so that each cake, etc, has half of the total number. You could also use flowers in 2 vases, shells in 2 buckets, or perhaps have an even number of cut up pieces of fruit or vegetables and then use them to print on two paper plates.

You might find using something like this helpful:

I am also attaching some Problem Solving halving activities for you to have a go at!

## Literacy/ Science

*See the Captain Cook PP*

Captain Cook knew that it was important to eat fruit and he made his sailors eat it to keep them healthy. Can you design a healthy lunchbox for his crew to eat? You can draw it and label it. Perhaps, you could also write about some other things that his crew could do to stay healthy- such as exercising and keeping clean. You could always draw some exercises that they could do, especially if you have been doing Joe Wicks everyday!

## Creative ideas

Captain Cook visited Australia. Aboriginal people were the first Australians and they created paintings using lots of dots in natural colours. They did not have paintbrushes, so they used sticks and their fingers to make their artwork. We would like you to create your own picture of an animal using dots. You might want to use paint, or felt tips.

**Spellings :Reception 'sight' words** - please continue with the list of words that children in Reception should be able to read on sight at the end of their Reception year. We suggest you work your way through a few each week.

Oxford Owls - free resources for parents: there are Speed Sounds practice sheets here which you can print off to practise writing at home. Please see the link (attached) for full information about RWI resources for parents.

### Reading - Oxford Owls

Try to fit in some reading every day with your child. A reminder that Oxford Owls has free Resources for Parents. If you click on Read Write Inc Support you will find free e-books (click on the age group for your child, eg 4 - 5 for Reception and 5 - 6 for Year 1) and also Speed Sounds practice sheets which you can print off, videos, Speedy Green Words and slideshows.

### Story time

Sharing a story is a lovely time of day to spend together. The following websites are worth a look too in order to vary the experience.
